

XXVII symposium IACRLRD 2015

Monday 21th September 2015

08h30	Introduction	<i>François Guilhot (Poitiers)</i> <i>Hervé Dombret (Paris)</i>
	Special Session - Factors Predisposing to Hematological Malignancies	
	Genetic Defects	
	Chairs: J. Soulier (Paris) / P. Woll (Solna)	
	Inherited Transcription Factor Mutations Predisposing to AML	<i>Lucy A. Godley (Chicago)</i>
08h45 - 10h15	Fanconi Anemia	<i>Jean Soulier (Paris)</i>
	Severe Congenital Neutropenia and Chronic Neutrophilic Leukemia	<i>Ivo Touw (Rotterdam)</i>
	Gene Fusions as Early Genetic Events in Childhood ALL	<i>J Trka (Praga)</i>
10h15 - 10h45	Coffee Break	
	Viral Infections	
	Chair: J.Chieco Bianchi (Padova)	
	Epidemiology and Pathogenesis of HTLV-1 Infections	<i>Genoveffa Franchini (Bethesda)</i>
10h45 - 12h15	Treatment of HTLV-1 Related Hematological Malignancies	<i>Ali Bazarbachi (Beirut)</i>
	EBV Infection and Hematological Malignancies	<i>Hiroshi Kimura (Nagoya)</i>
	HHV8 Infection and Hematological MalignanciesL	<i>Eric Oksenhendler (Paris)</i>
12h15 - 13h00	Yohei Ito Memorial Lecture. How genetic defects of the immune system can predispose to cancer?	Alain Fischer (Paris)
13h00 - 14h00	Lunch* <i>*Supported by an unrestricted grant from BMS</i> Lunch Debate Chair: D. Krause (Frankfurt) <i>Controversies on animals models : the case of CML</i>	<i>Ali Turhan (Paris)</i> <i>Steffen Koschmieder (Aachen)</i>
	Chronic Myeloid Leukemia*	
	Chairs: P. Rousselot (Versailles) / R. Hehlmann (Heidelberg)	
	<i>*Supported by an unrestricted grant from Pfizer</i>	<i>Giuseppe Saglio (Torino)</i>
14h00 - 15h30	CML Stem Cells	<i>Daniela Krause (Frankfurt)</i>
	Microanatomy of CML Niche	<i>Simona Soverini (Bologna)</i>
	TKI Resistance Mutations	<i>François Guilhot (Poitiers)</i>
	Immunomodulation of CML Stem Cells	<i>Steve O'Brien (Newcastle)</i>
	Which TKIs for CML ?	
15h30 - 16h00	Coffee Break	
16h00 - 17h30	Acute Lymphoblastic Leukemia Chairs: N. Goekbuget (Frankfurt) / R. Larson	<i>Adolfo Ferrando (NYC)</i> <i>André Baruchel (Paris)</i>

(Chicago)
 Genomics, Oncogenic Signaling Pathways and Targeted Therapies in T-ALL
 Therapeutic Targets in BCR-ABL-like ALL
 The Frontier between Childhood and Adult ALL
 BiTEs & Immunoconjugates
 Current Management of Ph+ ALL

Richard Larson (Chicago)
Hagop Kantarjian (Houston)
Oliver Ottmann (Frankfurt)

17h30 - 18h15	Peter-Hans Hofschneider Memorial Lecture. <i>Introduction, Michael Lübbert (Freiburg)</i> T-cell Therapy for ALL	<i>Michel Sadelain (NYC)</i>
18h30 - 19h30	Symposium Novartis - Myeloproliferative Disorders : New Agents and Monitoring <i>Eosinophilic syndromes and TKIs</i> <i>Polycythemia Vera : update on treatment</i> <i>Pharmacokinetics of TKIs : opportunities and challenges</i>	<i>Andreas Reiter (Mannheim)</i> <i>Jean-Jacques Kiladjan (Paris)</i> <i>Philippe Rousselot (Versailles)</i>
20h00	Opening Ceremony & Welcome Cocktail	

Tuesday 22nd September 2015

08h45 - 10h15	Acute Myeloid Leukemia Chair: C. Bloomfield (Columbus) AML Genetics TK Receptor Inhibition Immunconjugates in AML MRD-driven Therapy Treatment of Older AML	<i>Torsten Haferlach (Munich)</i> <i>Mark Levis (Baltimore)</i> <i>Hervé Dombret (Paris)</i> <i>Gert Ossenkoppele (Amsterdam)</i> <i>Nigel Russell (Nottingham)</i>
10h15 - 10h45	Coffee Break	
10h45 - 12h15	Multiple Myeloma Chair: P. Sonneveld (Rotterdam) Oncogenetic Mechanisms in Multiple Myeloma Diagnosis and Management of AL Amyloidosis Place of Standard Intensive Therapy New drugs (excluding Abs) Antibodies targeting Myeloma Cells	<i>Nikhil Munshi (Boston)</i> <i>Julian Gillmore (London)</i> <i>Philippe Moreau (Nantes)</i> <i>Xavier Leleu (Poitiers)</i> <i>Pieter Sonneveld (Rotterdam)</i>
12h15 - 13h00	Debate Chair: R. Larson (Chicago) Allogeneic SCT in adult ALL	<i>Josep Maria Ribera (Barcelona)</i> <i>Jan Cornelissen (Rotterdam)</i>
13h00 - 14h00	Lunch	
14h00 - 15h30	Chronic Lymphocytic Leukemia Chairs: R.Mertlsmann (Freiburg) / F. Cymbalista (Paris) Treatment Goals and Standard Therapy for CLL CLL Genetics Role of Micro-environment n CLL Development	<i>Emilio Montserrat (Barcelona)</i> <i>Anna Schuch (Oxford)</i> <i>Florence Cymbalista (Bobigny)</i>

New Drugs for CLL
Clonal Evolution in CLL

*Véronique Leblond
(Paris)
Davide Rossi (Novara)*

15h30 - 16h00	Coffee Break	
16h00 - 17h30	Special Statistical Session : To Censor or Not to Censor? Chairs: H. Dombret (Paris) / F. Guilhot (Poitiers) Previous history Current history : dealing with poor information Current history : dealing with huge information Late history : Time-to-event Analysis in Presence of Competing Event	<i>Joelle Guilhot (Poitiers) Sergei Kulikov (Moscow) Eva Janousova (Brno) Markus Pfirrmann (Munich)</i>
17h30 - 18h15	Frank Rauscher Memorial Lecture. Introduction, Arsene Burny (Brussels) Targeting AML Stem Cells	<i>Paresh Vyas (Oxford)</i>
18h30 - 19h30	Symposium Amgen : Minimal Residual Disease in the Management of ALL Chairs: H. Dombret (Paris) / J.M. Ribera (Barcelona) Methods and Recommendations for MRD Monitoring MRD as Treatment-stratifying Tool MRD as Clinical Endpoint for New Drug Investigation	<i>Marie-Christine Béné (Nantes) Nicolas Boissel (Paris) Nicola Gökbüget (Frankfurt)</i>
19h00 - 20h00	General IACRLRD Assembly on invitation only for IACRLRD members	

Wednesday 23rd September 2015

08h45 - 10h00	Myelodysplastic Syndromes Chairs: G. Ossenkoppele (Amsterdam) / P. Feneaux (Paris) MDS Stem Cells Genetic-driven MDS Management CMML Diagnosis and GeneticsL Molecular Biology of Del(5q) MDS and Lenalidomide Response	<i>Petter Woll (Solna) Lionel Ades (Paris) Eric Solary (Villejuif) Kathy McGraw (Tampa)</i>
10h00 - 10h45	John Moloney Memorial Lecture. Introduction: Luigi Chieco Bianchi (Padova) Targeting Leukemia Drivers	<i>Hugues de Thé (Paris)</i>
10h45 - 11h00	Coffee Break	
11h00 - 12h15	Myeloproliferative Neoplasms Chair: E. Solary (Paris) Pathologic JAK-STAT Signaling in Myeloproliferative Neoplasms Molecular Monitoring of MPN Patients Thrombosis in PV Allogeneic SCT in Patients with Myelofibrosis	<i>Stefan Constantinescu (Brussels) Bruno Cassinat (Paris) Anna Falanga (Bergamo) Flore Sicre de Fontbrune (Paris)</i>
12h15 - 13h00	Special Lectures. Chair: R. Hehlmann (Heidelberg) Donald Metcalf and G-CSF Guy de Thé, Tropical spastic paraparesis and HTLV-1	<i>Roland Mertelsmann (Freiburg) Robert Gallo (Baltimore)</i>

13h00 - 13h40	Howard Temin Memorial Lecture. <i>Introduction: R. Hehlmann (Heidelberg)</i> New WHO Classification of Leukemia & Related Diseases	<i>Clara Bloomfield (Columbus)</i>
13h40	Adjournment
